

2014 CTH BB, CTH C, and CTH V Paving

Addendum A, May 9, 2014

The original paragraph from Page 8 of the 2014 CTH BB, CTH C, and CTH V Paving RFP reads as follows:

METHOD OF MEASUREMENT

The CTH BB, CTH C, and CTH V project activities will be measured by the square yard (SY) for hot mix asphalt pavement, all other work associated with the completion of each project is incidental to the project. **Quantities listed are estimates only, contractors are encouraged to visit each project and verify quantities for the purpose of estimating the cost of the work.**

BASIS OF PAYMENT

The CTH BB, CTH C, and CTH V projects, as provided above, will be paid for by the square yard (SY) for all work associated with pulverizing, excavation, culvert installation, base aggregate dense, shaping, asphalt paving, line painting, shouldering, traffic control and signing, and all other incidental work. Price shall be full compensation for furnishing, including all labor, tools, equipment, materials and incidentals necessary to complete the work. 10% of the total contract price for each project will be retained until all work has been completed and approved by the Marinette County Highway Department or its designated representative.

The above paragraph is replaced with the following:
