

ADDENDUM #1, 2/13/15

RFP#15-017-30

2015 CONSTRUCTION SEASON – SCREENING SAND

1) Could I get a better pit location?

The pit location is on Long Lake Road approximately ¼ mile west of Old 38 Rd. in the Town of Wausaukee.

2) Would it be possible to get a couple sand samples, either you provide or we could get permission to dig a couple of holes.

You are welcome to go into the pit to dig some samples but you will need to walk since there is a locked gate.
