

RECLAMATION PERMIT APPLICATION FOR NEW NONMETALLIC MINING SITES

PLEASE COMPLETE ALL INFORMATION ON THIS APPLICATION. PRINT OR TYPE. Use of this form is required for any nonmetallic mining reclamation permit application filed pursuant to 20.12(3) Marinette County Code of Ordinances. Marinette County will not consider your application unless you complete and submit all information required by this application form.

1. Applicant/Operator Address _____ City, State, Zip Code _____ Telephone No. (_____) _____ Fax # (_____) _____ E-mail _____	2. Property Owners/Lessors (if different from Applicant/Operator) Address _____ City, State, Zip Code _____ Telephone No. (_____) _____ Fax # (_____) _____ Email _____ (Additional owner/lessor information can be submitted on separate sheet)
--	---

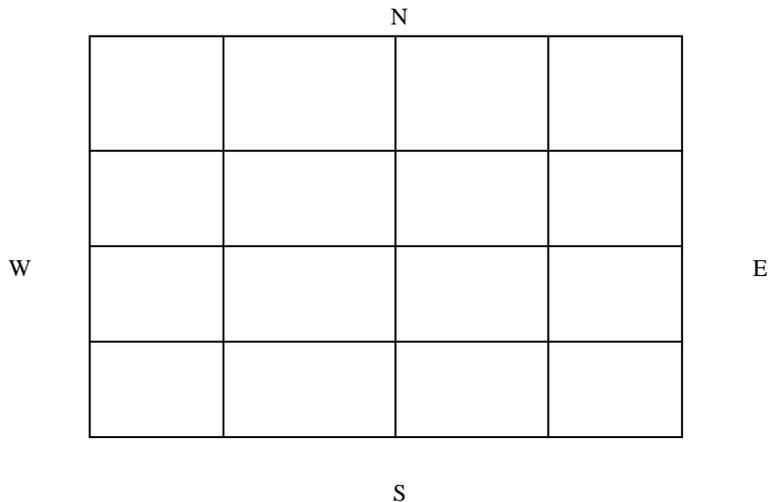

3. Property Description: Provide the complete legal description of the property on which the mine is located.

_____ 1/4 _____ 1/4 _____ Section _____ T _____ N _____ R _____ E

Town, City, Village of _____, County of _____

Tax Parcel Number _____ Total Non Metallic Mining Site Acreage _____

4. General Location Map - draw the location of the site on the section map below. Include roads and any other pertinent information and label 1/4 1/4 section points. It is also acceptable to attach a plat map, topographic map or other map providing it contains sufficient detail.

5. Project Information: Please provide a brief description of the general location (including surrounding land use) and the nature of the nonmetallic mine (i.e., type of deposit, proposed frequency of mining activity).

6. Description of the type of material(s) to be extracted, the methods of extraction and processing methods to be used in the permit area.

7. **Observed** or **estimated** (circle one) elevation of groundwater: _____.
Reference depth to a permanent on-site reference point (bench mark).

8. Information available to the operator on the biological resources, plant communities, and wildlife use at and adjacent to the site.

9. Estimated timetable for beginning and ending of operations on the site including any phases or stages:

10. Describe the methods of salvaging and storing topsoil and other overburden that will be used in reclamation. If topsoil substitute or off site material is to be used in reclamation, list the source and time table for acquiring it.

11. Describe proposed earthwork necessary for site reclamation including final slope angles, high wall reduction, benching, terracing, and other slope stabilization measures.

12. Describe any conservation practices to be used during reclamation. The location of all conservation practices are to be shown on the reclamation plan.

13. Description of anticipated topography, water impoundments, artificial lakes, created wetlands and other site features.

14. Description of the proposed post mine land use.

15. Description of plans for disposition of manmade features that are not part of the post mine land use after completion of mining.

16. Describe or attach a copy of a seeding plan which shall include methods of seed bed preparation, seed mix seeding rates, mulching, netting, and/or other techniques needed to accomplish soil and slope stabilization.

17. Description of the quantifiable standard that will be used to determine successful establishment of vegetation on reclaimed areas.

18. In addition, the following drawings or documents must be attached to this application. All maps must be drawn at a scale of no less than one (1) inch equals two hundred (200) feet:

- A. A copy of the lease or proof of ownership.
- B. Copies of local and state permits or approvals including a statement from the local zoning or planning authority that the proposed post mine land use is consistent with the current zoning or land use plan unless a change to the zoning or the plan is proposed.
- C. An estimate of the cost of site reclamation and the methodology used to calculate the estimate.
- D. Four copies of a map of the site as it presently exists. The map shall include:
 - 1) Property boundaries and the location of all man made features on or within 300 feet of the site and, to the best of the applicants knowledge, the purpose for which each man made feature and the adjoining land is used.
 - 2) Contours of the affected land at intervals no larger than ten (10) feet.
 - 3) The location and names of all streams, other water features and roads on or within three hundred (300) feet of the site.
 - 4) Boundaries of previous excavations on the site, and the location and description of boundary stakes for the proposed site. The stakes shall be referenced to a permanent reference point. The area staked shall include all stockpiling and storage areas.
- D. If the site is to be mined in phases or stages, four copies of a plan which shall include the following:
 - 1) A plan view and description of sequential phases of mining including haulage ways, storage areas and processing areas.
 - 2) If necessary, a plan showing temporary erosion control measures to be employed during reclamation.
- E. Four copies of a reclamation plan which shall include the following:
 - 1) A plan view showing final slope angles, high wall reduction, benching, terracing, other stabilization measures and water impoundments at contour intervals of no larger than ten (10) feet.
 - 2) Cross-sectional drawings of any water impoundments, high wall reductions, benching or terracing, or other conservation practices.

19. Fees:

- | | |
|--|------------|
| 1. Total Acreage of the nonmetallic mine site | _____ |
| 2. Estimated # of unreclaimed acres that will be activated between January 1, 2017 and December 31, 2017 | _____ |
| 3. Fee established by County (See Fee Schedule) | \$ _____ |
| 4. Fee established by the WDNR (See Fee Schedule) | \$ _____ |
| 5. Plan Review Fee | \$ _____ |
| 6. Total Fee for 2017 (combine lines 3 , 4 & 5) | = \$ _____ |

20. Certification:

To the best of my knowledge, I certify that the information provided on this application and accompanying documents are true and accurate. I certify that the areas identified within the permit that are impacted by mining activities will be reclaimed as specified in the approved permit for the site. I also understand that submitting this application authorizes the Zoning Administrator or his/her designee to enter onto the property for the purposes outlined in the Nonmetallic Mining Reclamation Ordinance.

Land Owner's Signature

Date

Pursuant to §21.10(6)(j) of the Nonmetallic Mining Reclamation Ordinance, the department may require the submittal of such other information as may be necessary to determine the feasibility of the nonmetallic mining reclamation.

Permits decisions shall be made by the department no sooner than thirty (30) days nor later than sixty (60) days of receipt of a complete application, unless a public hearing is required under 20.15 (1) (b.) of the Nonmetallic Mining Reclamation Ordinance in which case a permit decision shall be made no later than 60 days following the hearing.. An expedited application review is available under 20.16 (6).

Failure of the applicant to notify the Department within five (5) workdays of the receipt of a permit granted by the Department will constitute an acceptance of the permit and all conditions and amendments to the application and plans.

Permit decisions or administration decisions may be appealed pursuant to 20.31 of the Nonmetallic Mine Reclamation Ordinance.

An annual operating report that complies with Sec. 20.25 of the Marinette County Code of Ordinances shall be submitted to the Marinette County Zoning Department-1926 Hall Avenue, Marinette, WI 54143. The annual report shall cover the activities for a calendar year and shall be submitted within 60 days following the end of the year.
