Motion (Winkler/Reinhart) to provide Saturday hours the months of May through October from 8 a.m. to 12 noon on the 2nd and 4th Saturdays in 2014. Motion carried, no negative votes.
7. LANDFILL OPERATIONS
Lefebvre informed the Committee that the landfill has been notified by the WDNR that assessment monitoring of the four Subtitle D wells is required. The assessment monitoring was triggered by an exceedance of a preventative action limit of alkalinity, hardness, and/or specific conductance in two of the Subtitle D wells. The exceedance of the parameters is believed to be attributed to construction activities and another hypothesis for the increasing trend in alkalinity, hardness, and/or specific conductance is explained in an Environmental Contamination and Assessment Report prepared for Mar-Oco back in February 2013 by Environmental Compliance Consultants, Inc. The number of samples required to be collected and the parameters being analyzed for will depend on the results of the sampling.
8. INVOICES
Lefebvre presented a list of paid invoices for February (\$8,425.12) for Committee review.
